# City of San Diego - Urban Runoff Management Plan MUNICIPAL FACILITY SITE COMPLIANCE INSPECTION CHECKLIST

	partment: pector:			Pl	onSecond Inspection er:	
Facili	ty Name			Do	 	
Addre	SS				Zip Code	
	Question	Υ	N	N / A	(If "NO") Resolution	
Gen	eral					
1	Has the employee performing this inspection had activity-specific storm water BMP training this year?					
2	Are activity-specific BMPs in place?					
3	Are your contractors adhering to the minimum BMPs that were listed in the contract?					
4	Is your facility reasonably clean and free of litter and debris?					
5	Are parking lots reasonably clean and free of debris? If sweeping the lot, note estimated substance and weight of debris in tons.					
6	Is landscaped area irrigation contained within the landscaped area?					
7	Are pesticides/herbicides/fertilizers minimized where feasible?					
8	Are storm drains stenciled? If no, contact Storm Water Pollution Prevention Division for stencils and paint.					
9	Are storm drain inlets clean and free of debris?					
10	If cleaning of the storm drain was needed, note estimated substance and weight of debris (in tons) since last inspection.					
11	Is area absent of any evidence of a discharge, spill, and or leak?					
12	If a minor spill is observed entering the storm drain system during the inspection, have you reported it to the Storm Water hotline (619-235-1000)? (For significant spills also fill out a 24-hour discharge form).					
Tras	sh storage areas					
13	Is area reasonably clean and uncluttered?					
14	Are trash cans and garbage bins kept covered?					
15	Is the number and placement of the trash cans sufficient for your facility?					

	-				***********
	Question	Y	N	N	(If "NO")
				/ A	Resolution
Fue	ling areas				
16	Is a stocked spill kit available at fuel island?				
	'				
17	Is area clean and free of spills? If spill is				
	observed, clean up using dry methods.				
	icle/equipment maintenance area		1	1	
18	Is work area reasonably clean?				
40	A control of the second				
19	Are drip pans readily available for leaking vehicles?				
20	Are spill containment materials and stocked				
20	cleanup kits readily available?				
21	Are maintenance activities contained within the designated area?				
	the designated area?				
22	Are bulk hazardous materials/liquids stored				
	outside in secondary containment?				
	erials loading/unloading and storage	e ar	eas	; 	
23	Is area reasonably clean and free of litter, debris and loose material?				
24	Is materials storage area covered?				
25	Are materials and stocked cleanup kits				
	readily available?				
26	If outdoors, is water from surrounding areas				
	prevented from reaching material storage areas?				
27	Are bulk hazardous materials/liquids stored				
	outside in secondary containment?				
	er Important Areas for inspection	1	1		
28	Are the BMPs installed properly?				
29	Are BMPs in good working condition? If no,				
00.5	they need to be replaced.				Lead's and the second DMD and
	For any ineffective BMPs (i.e., the wrong BM ate your URMP section.	P IS	use	ed), (	describe an effective replacement BMP and

# SPECIAL EVENTS STORM WATER SITE COMPLIANCE INSPECTION CHECKLIST

#### I. Inspection Information

Special Event Category	Person Inspecting:	
Date/Time of Inspection	Phone Number:	
II. Special Event Information		
NAME OF SPECIAL EVENT		
EVENT ADDRESS		T = ~
		ZIP CODE

III. General Site Conditions and Storm Water Best Management Practices Review

	ai Site Conditions and Storm water Desi	Yes	No	N/A	(If "No") Resolution
General	Does event have BMPs in place?				
	Is event reasonably clean and free of litter and debris?				
	Are enough trash cans provided for event?				
	Are storm drain inlets protected?				
	Is there storm water signage at applicable locations?				
Trash storage areas	Is area reasonably clean and uncluttered?				
	Are trash cans and garbage bins being disposed of needed?				
Spill Kits	Spill containment and cleanup kits readily available at designated spots?				
	Is there evidence of discharges, spills, and or leaks in any areas?				
<b>End of Event</b>	Was area left clean?				
	Were all BMPs, signage and chalk removed from site?				
	Are the storm drains clean of debris?				

# IV. Reporting Pollutant Discharges

NOTE: If a spill is observed, and the spill entered the storm drain system, *please report the discharge to the City's Storm Water Hotline:* (619) 235-1000.
